

# **Smoother Operations. That's Ryder.**

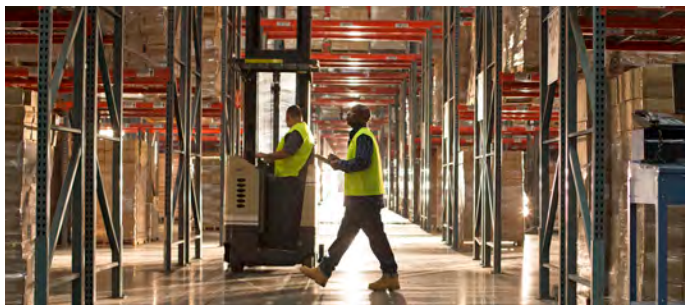

*Keeping Retail moving with Ever better™ solutions.*

*In retail, keeping pace with consumer demand requires end-to-end control and visibility for your supply chain. With Ryder, you get a supply chain partner skilled in delivering top-shelf customer service with a comprehensive suite of transportation, warehousing and distribution solutions.*

Ryder knows that no two retail environments are alike - and that's why the top 10 US retailers\* rely on us to create custom solutions designed to ensure consistent on-time deliveries to keep inventories low, costs down and customers happy.

With rising fleet costs, talent shortages, increasing regulation, demanding technology investments and mounting pressure for sustainability, complexity in retail is at an all-time high. Ryder offers a one-stop shop from import to final mile to reverse logistics.

Trust Ryder to turn complicated retail logistics into your strategic, competitive edge.

### *Integrated Capabilities:*

#### **Transportation**

- Dedicated transport
- Transportation management
- Fleet management
- Natural gas fleet solutions

## Keeping you moving

At Ryder, we have the experience to help you with every step of your retail supply chain. We don't treat our customer's solutions as a one-size fits all operation, we tailor our solutions around you, which is why the top 10 US retailers\* trust their businesses to us. If your supply chain needs it, Ryder has it.

## Dedicated

With Ryder Dedicated you can make sure your products will be delivered on-time every time. You will have the flexibility to ramp up or scale down your fleet during peaks and valleys. You won't have to worry about the driver shortage, capacity constraints or added costs associated with owning a fleet.

## Sustainable

A leader in natural gas, with our LNG & CNG vehicles having traveled 40 million miles over the road to date, Ryder gives retailers more options for greening their supply chain. We also provide environmental, cost-saving and service benefits for reduced carbon footprints in transportation and warehousing through engineering and optimization. Ryder has what you need to be lean and green.

## Productive

When it comes to warehouse and distribution centers, we have the solutions to keep your products moving, your inventory accurate and your costs controlled. Our LEAN labor management approach and five guiding principles builds a culture of employee engagement, continuous improvement and productivity.

## Talented

When it comes to managing talent, Ryder has a proven track record for recruiting, training and retaining top performing associates. From our inclusive hiring practices to competitive pay and benefits and industry recognition for health, safety and security, Ryder is an employer of choice.

## In Control

With Ryder, retailers get improved visibility and control of their supply chain. With up-to-the-minute intelligence, you can make adjustments to deliveries, view in-transit inventory and deliver the right service levels. This gives retailers reduced cycle times, inventory and costs.

## Rental

Whether you're expanding your distribution network, gearing up for seasonal demand or want to sample the latest natural gas technology, our national rental fleet of over 37,000 trucks and tractors, provide flexibility when you need it.
